Public Comments

Eric Reynolds – 64 Kircher Park – Addressed the Board in regards to the rezoning for the proposed Brittney Woods Townhome development. Mr. Reynolds said the north, east and west sides of the property are zoned Single Family Residential and on the south side it is zoned PUD (Planned Unit Development). He believes this is spot zoning and the property should be zoned Single Family Residential not Multi Family Residential.

Richard Walter – 20 Elm Street – Made comment to the Board in regards to the proposed Brittney Woods Townhome development. Mr. Walter said he would like the property to be left alone as open space because he believes if it is developed then a private road would be established and that would bring more problems to the Village.
