

Village of Webster  
Village Board Meeting  
March 24, 2016

Webster Community Meeting Hall  
29 South Avenue  
Webster, NY 14580

Present: Mayor Cahill, Trustee Ippolito Jr., Trustee Byerts, Trustee Lancy, Attorney Don White  
Late arrival – Trustee Balcaen at 7:47 p.m.

A public discussion took place regarding parking during school sports events on Sherwood Avenue. Many of the residents from Sherwood Avenue voiced their opinion on how the parking on their street during school events is disruptive and dangerous. After the discussion Mayor Cahill said the Board will consider no parking on the west side of the street and also speak to the School District and ask for their assistance on communication with Coaches and Parents regarding events and the parking on Sherwood Avenue.

## Public Comments

Peter Elder – 59 Dunning Avenue – Commented to the Board and said he does not approve of a sewer rent fee. Mr. Elder also stated he cannot understand why there should be a proposed tax increase or sewer rent fee if the fund balance has \$1.1 million dollars in it. Mr. Elder also said he does not approve of the proposed 1.5% increase in salaries for the Board of Trustees. He suggested their salaries stay flat.

Eric Reynolds – 64 Kircher Park – Reviewed with the Board and said the information Mayor Cahill gave him regarding the MCWA contract with the Village does state under notes and comments that the water meters are owned by the Village of Webster. Mr. Reynolds continued and said MCWA has removed and scrapped the meters from about 1900 Village residents. He said the money for the water meters should be returned to the Village of Webster. Mr. Reynolds estimates the cost for the meters would be roughly two hundred and twenty thousand dollars.

Mr. Reynolds also voiced his opinion and said four of the five members of the Board of Trustees are Republican and for them to consider a law to ban firearms in the Village is ridiculous.

Richard Walter – 20 Elm Street – Stated and reiterated his request to the Board regarding workshop meetings with speakers or presenters. Mr. Walter would like speakers or presenters situated at a table so they are able to face both the audience and the Village Board. Mr. Walter suggested the configuration of the tables be set up in a U shape in front of the room so everyone could be heard and seen.

Trustee Ippolito said he is the one member of the Board that is not a republican but he is not in favor of a gun ban. Trustee Ippolito said the majority of the Board was never in favor of this issue. He apologized to anyone who may feel their time over this issue has been wasted. Trustee Ippolito said he has learned this evening that Mayor Cahill, who brought up this issue, has no intention of voting in favor of it. Trustee Ippolito said he is not sure why this was brought up or why this was even in the news. He again apologized.

Trustee Byerts said the only person that this firearm issue was ever brought up to was the Mayor. Trustee Byerts said the issue was never brought up to the other four members of the Board. He said this is not an issue and has never been an issue. Trustee Byerts said he asked for requests on Facebook for people to contact the Board regarding a weapons ban in the Village. He said he only heard from about 5 or 6 people who did contact him and of those people they all said no that a weapon ban should not be an issue. Trustee Byerts said this is a non issue.

Bob Ross – 155 Serene Park – Commented to the Board and requested Kittelberger Park be paved because of potholes. Mr. Ross also requested the halogen light bulb in the street light near his yard be replaced with a regular street light bulb. He said the light is too bright and similar to a car dealer lot light.

Mayor Cahill suggested Will Barham find out who owns the light pole and try to make it consistent with the rest of the street lights in the Village. Mayor Cahill also said the Village is waiting to pave Kittelberger Park because a complex will be built at that location and the street would be better off paved after the construction because of heavy equipment.
