Attorney Don White said it will become law on that date as long as the street signs are displayed by October 1, 2016.

Public Comments

Peter Elder – 59 Dunning Avenue – Commented to the Board in regards to the agenda item for the construction of a cellular telephone tower by the Village of Webster at 1075 Webster Road and whether it should be exempt from local zoning regulations. Mr. Elder referred to the New York Court of Appeals in the 1988 case of *Matter of County of Monroe v City of Rochester*, 72 NY2D 338, and asked the Village Board to inform the public and also weigh the following nine factors:

1. the nature and scope of the instrumentality seeking immunity;
2. the encroaching government's legislative grant authority;
3. the kind of function or land use involved;
4. the effect local land use regulation;
5. alternative methods of providing the proposed improvement;
8. the extent of the public interest to be served by the improvements; and
9. intergovernmental participation in the project development process and opportunity to be heard.

Attorney Don White said there are three Boards; the Planning Board, the Zoning Board and the Board of Trustees. He said it seems most appropriate since the Zoning Board has expertise is zoning ordinances they should be the Board to determine whether or not this project should be immune or not.

Eric Reynolds – 64 Kircher Park – Made comment to the Board and questioned if there is pending litigation or a lawsuit against the Village concerning the Sewage Treatment Plant.

Attorney Don White said yes there is a lawsuit concerning the Sewage Treatment Plant.

Mr. Reynolds said the Village stopped composting which cost a significant amount of money and that was in an effort to stop the lawsuit but we are still being sued and it is costing double. Mr. Reynolds suggested the Village go back to composting in an attempt to recoup money and in his opinion he felt there was no proof that anything was wrong with the compost procedure.

Mr. Reynolds also urged the Village Board to consider the implications of erecting a 190 foot cell tower and how it would impact the existing property values in the area.

Motion Trustee Ippolito Jr. and Seconded by Trustee Lancy to authorize Mayor Cahill to sign the annual software support and maintenance contract with Williamson Law Book Company for Building & Codes Enforcement at a rate of \$600.00, all were in favor and carried.

Motion Trustee Balcaen and Seconded by Trustee Lancy to authorize Mayor Cahill to sign the Intermunicipal Agreement between the Village of Webster and the Town of Ontario for shared services thru May 31, 2021, all were in favor and carried.

The following resolution was offered by Trustee Balcaen and Seconded by Trustee Lancy and moved for its adoption:

WHEREAS, the Village of Webster intends to construct a cellular telephone tower at 1075 Webster Road, and caused to be placed on that tower the existing cellular antennas located on the water towers at 1075 Webster Road, Webster, New York; and

WHEREAS, the New York Court of Appeals in the case of *Matter of County of Monroe v. City of Rochester*, 72 NY2D 338 (1988), established a “balancing of public interest” test to determine whether or not the actions of governmental units are exempt from local zoning regulations; and

WHEREAS, the Village of Webster Zoning Board of Appeals is the governmental body of the Village of Webster that is most appropriate to make the determination as to whether or not the construction of a cellular telephone tower by the Village of Webster should be exempt from local zoning regulations;

NOW THEREFORE, be it resolved that a determination regarding whether or not the construction of a cellular telephone tower by the Village of Webster at 1075 Webster Road, should be exempt from local zoning regulations is referred to Village of Webster Zoning Board of Appeals.

Determination to be subject to a public hearing to be held at the Zoning Board of Appeals meeting on September 15, 2016.

The financial statements for July 2016 were reviewed.

Code Enforcement

Will Barham, Code Enforcement Officer, reviewed with the Board the building report for the month of July 2016. Mr. Barham gave an update and said there were 10 permit applications in July. He also reviewed the property at 28 Seneca Street. Mr. Barham said he was notified by a resident that the backyard of this property was not being maintained. Mr. Barham said because of the fence he was unable to see the backyard and had to gain access by asking the neighbor permission to view the property from his backyard. A "Grass Notice" was sent and the lawn was cut by the Village crew at a cost of three hundred dollars to the owner and then it was discovered that debris was also found in the yard and now that has to be addressed by the owner.

The next property discussed was 137 Donovan Street. Mr. Barham explained that the property was at one time a used car junkyard. The property is being cleaned up and according to General Municipal Law there is a fence requirement and currently there is no fence but one should be installed. He said we did appear in court and a new date was set by Judge Corretore due to a conflict in interest. Court is rescheduled for October 11, 2016. Mr. Barham said the area is being cleaned up.

Mr. Barham also made mention of the code which deals with sidewalk sales for businesses. He said currently in the code it is only allowed if the Planning Board approves it. Mr. Barham said he would like to make it easier for businesses to have sidewalk sales or the sale of items outside of the store as long as it does not interfere with traffic.

Attorney White agreed and said other municipalities must have something similar in a permit process and it would be easier rather than going to the Planning Board.

Mr. Barham said he would bring it up in the next workshop on August 30, 2016.
